

Report to the Kentucky Library Association Board
Resource Sharing Round Table
Louisville, Kentucky
March 16, 2013

In March, the Resource Sharing Round Table distributed an issues and interests survey to Round Table membership and other interlibrary loan/document delivery staff throughout the state through the KYVL-DocDelivery listserv.

We will also follow up on the status of the KYVL Resource Sharing Work Group, which has traditionally had a representative from the Resource Sharing Round Table. Barb Hale has expressed interest in serving on the committee as an ad hoc member.

We are also interested in a possible co-sponsored professional development session with the KLA Member Services Committee, possibly in the areas of distance learning/ copyright or circulation issues. We will be contacting the Committee this month to discuss ideas.

For news about resource sharing articles, upcoming events, conferences and other resource sharing news, see the Round Table's Facebook page, "Access Services in Kentucky Libraries."

Respectfully submitted,

Jennifer Bartlett
Chair, Resource Sharing Round Table
